HOW THIS ACTIVITY CONNECTS WITH THE APPEL FARM APPROACH:

This activity reflects the core values and methods used at Appel Farm:

- **Process over product:** It's not about creating a "correct" story, but rather experimenting, playing, and making something unique together.
- **Creative expression:** Kids and families get to invent, imagine, and use their voices in fun, unexpected ways.
- **Collaboration and community:** Sharing the story with others or acting it out builds trust, communication, and connection.
- **Empowerment through choice:** Everyone gets to make decisions that shape the final piece. There's no right or wrong answers, just your answer.
- **Joy in learning:** Appel Farm believes learning and self-discovery should be joyful, just like this activity!
